

WE ARE HIRING FOR 2017!

Fast Track Automotive Apprenticeships

About Sci-Fleet Toyota

Sci-Fleet Motors has been operating in the motor industry for over 35 years and has grown to encompass 3 Toyota dealerships, 5 Lexus dealerships and 3 Hino dealerships in S.E. QLD. We are Australia's largest selling Toyota dealer and we like to pride ourselves as a specialist dealer.

About Toyota Apprenticeships

Apprenticeships have helped form the building blocks of our strong skilled trades base that drives Sci-Fleet today. Learn your trade alongside highly skilled tradespeople whilst also undertaking training to progressively develop your skills and qualifications.

Each year Sci-Fleet Toyota commence a fast track apprenticeship program (Certificate III).

The Toyota National Institute provides specialised training in a state of the art training facility where the latest and greatest technology will be provided for your learning.

Core units are also delivered by our training partner 'TAFE Queensland Skills Tech'.

The remainder of your training will come from on the job training and experience with the assistance of your specifically trained workplace mentor.

At Sci-Fleet, we focus strongly on your development, and it doesn't stop once you have received your trade qualification.

Fast Track Benefits

Traditionally an apprenticeship can extend over a period of up to 4 years, depending on the achievement of the required competencies. However, it is envisaged that with the close guidance of the Workplace Mentor and subsequent fast-tracking of your training, the necessary skills and competency levels can be met to achieve full qualification in just 2 years and ten months.

Complete your Apprenticeship in under 3 years

- First class training facility
- Workplace Mentor to assist with workplace training and tasks
- You start on tools, on the latest technology from day 1 of your Apprenticeship.
